**Giuseppe Verdi Collection - PreciouStone® by I BIAGI®**

Giuseppe Verdi (1813–1901) was an Italian Romantic composer primarily known for his operas. He is considered, with Richard Wagner, the preëminent opera composer of the 19th century. Verdi dominated the Italian opera scene after the eras of Bellini, Donizetti and Rossini. His works are frequently performed in opera houses throughout the world and, transcending the boundaries of the genre, some of his themes have long since taken root in popular culture, examples being “La donna è mobile” from Rigoletto, “Libiamo ne’ lieti calici” (The Drinking Song) from La traviata, “Va, pensiero” (The Chorus of the Hebrew Slaves) from Nabucco, the “Coro di zingari” (Anvil Chorus) from Il trovatore and the “Grand March” from Aida.

**Malachite**

Giuseppe Verdi the collection is made with 24K gold plated bronze cast in lost wax and malachite. The malachite is a mineral, in particular a hydroxide is cupric carbonate; for its beautiful color, ranging from light green to dark green and its features shades of shades, malachite, with its high added value, is used both in jewelry that complements deluxe furnishings.

**Collezione Giacomo Puccini - PreciouStone® by I BIAGI®**  
Giacomo Puccini (1858 – 1924) was an Italian composer whose operas are among the important operas played as standards. Puccini has been called “the greatest composer of Italian opera after Verdi”. While his early work was rooted in traditional late-19th-century romantic Italian opera, he successfully developed his work in the realistic verismo style, of which he became one of the leading exponents.

**Amethyst**  
Amethyst is a purple variety of quartz, often associated with basaltic rocks subcaline, which has been since 3000 BC in Egypt and Mesopotamia, one of the gems used in the creation of jewelry, seals and carvings.

**Collezione Gioacchino Rossini - PreciouStone® by I BIAGI®**  
Gioacchino Rossini (1792 – 1868) was an Italian composer who wrote 39 operas as well as sacred music, chamber music, songs, and some instrumental and piano pieces. His best-known operas include the Italian comedies *Il barbiere di Siviglia* (The Barber of Seville) and *La Cenerentola*, and the French-language epics *Moïse et Pharaon* and *Guillaume Tell*. A tendency for inspired, song-like melodies is evident throughout his scores, which led to the nickname “The Italian Mozart”. Until his retirement in 1829, Rossini had been the most popular opera composer in history.

**Lapis lazuli**  
Ancient name of the mineral lazurite, used in ancient times as an amulet, as a medicine and, finely ground, as blue pigment; used today as a gem in orificeria and for the manufacture of ornamental objects of prestige.
