GIACOMO PUCCINI COLLECTION

Collezione Giacomo Puccini - PreciouStone® by I BIAGI®
Giacomo Puccini (1858 - 1924) was an Italian composer whose operas are among the important operas played as standards.
Puccini has been called "the greatest composer of Italian opera after Verdi".
While his early work was rooted in traditional late-19th-century romantic Italian opera, he successfully developed his work in the realistic verismo style, of which he became one of the leading exponents.

His works are frequently performed in opera houses throughout the world and, transcending the boundaries of the genre, some of his themes have long since taken root in popular culture, examples being "La donna è mobile" from Rigoletto, "Libiamo ne' lieti calici" (The Drinking Song) from La traviata, "Va, pensiero" (The Chorus of the Hebrew Slaves) from Nabucco, the "Coro di singari" (Anvil Chorus) from Il trovatore and the "Grand March" from Aida.
